

EagleRE

Cleaning Robot

Advantages Of Cleaning Robot

- Low cost/High efficiency
- Wash well/No dead corner
- Convenient and Simple operation
- Strong surface grip
- Cross 35CM gap barrier
- High speed rotary cleaning
- Soft and hard brush head available
- Normal cleaning, rust cleaning and heavy duty cleaning

Information

Torque Adjust	25 gears	Chuck Diameter	10MM
Charging Time	1 hour	Model Selection	12VF/16.8VF/25VF
Weight	0.95KG	No-load Speed	0-1200R/MIN

Specification

Model	Torque	Chuck Diameter	Speed Reference
12VF Double speed	35N.M	0.8-10MM	Low speed 0-380R/M High speed 0-1350R/M
16.8VF Double speed	40N.M	0.8-10MM	Low speed 0-380R/M High speed 0-1350R/M
25VF Double speed	50N.M	0.8-10MM	Low speed 0-380R/M High speed 0-1350R/M

Appearance

Total weight	29KG	Battery weight	8.5KG
Body weight	14.5KG	Brush head	6KG

Working Performance

- One robot washes multiple roofs
- Single-person control, 360 degree rotation
- Cross 35CM gap barrier, convenient operation
- Effective rust removal, heavy pollution washing, anti-skid and wear-resistant
